

# Learning to Listen

## A SERIES OF FREE WEBINARS FOR PARENTS OF CHILDREN WITH HEARING LOSS

Join our team of specialists from the Learning to Talk Lab at the University of Maryland, College Park as we discuss tips to support your child's speech, hearing, and language development!

**Ages 3-5: "Look, Listen, Learn: How early talk at home helps your child learn language"**

- What can I do when my child is **age 3-5** to support their language?
- What is the **30 million word gap** and why is it important for children to hear language **early** and **often**?
- Why does my child learn language better from me than from characters on YouTube?
- How do **language learning trajectories** differ between children with cochlear implants versus hearing aids?

**Sign Up  
Here!**

**July 5th**

**7:00-8:00 PM EST**
